## **DIVEMASTER CLASS**

**As a Divemaster, you may supervise and assist with both training and non-training dive activities in a variety of environments. Dive Masters help with classes as well as lead guided tours off of dive boats or the beach. You may also conduct Discover Diving experience and Scuba Review programs for certified divers. You can also supervise Discover Snorkeling and Skin Diver courses.**

**The Divemaster class is the first step along the professional pathway. Offered on an internship basis, you may begin anytime. How quickly you complete the course is up to you. We will work with your schedule and pace.**
